Climate Change and the Testing of International Law: A Selective Bibliography

Ms. Eveline N. van Trigt (Peace Palace Library, The Hague)

Introductory Note

This bibliography has been compiled from several sources. It concerns digital and printed materials from the Peace Palace Library and several (legal) sources from the internet. Such as: legal databases, articles, legal blogs, repositories, webinars, and other relevant sources for the use of the researchers of the Centre for Studies and Research in International Law and International Relations of the Hague Academy of International Law.

Please log in to your account on the **website** of the Peace Palace Library with your email address and password to access all bibliographic content. In case it concerns books and articles which are not digitally available through our **Library catalogue**, these bibliographic entries are followed by a '[Place Hold]' link referring to an OCN number (OCLC Control Number) so you can look them up in the **Peace Palace Library Discovery Catalogue**. Or you can launch - against costs - an **interlibrary loan request**. Please note that several online publications in this Bibliography are part of our collection, but these have not been added to our catalogue (yet). The Bibliography will be updated periodically.

If you have any problems with access to online databases, digital books, or articles, please ask for assistance at the Reading Room desk (**library@peacepalace.org**).
